Product Identification (as used on Label and List)

Thin-Flex® brand Rotary Diamond Discs

Thin-Flex® brand Rotary Diamond Discs are classified as "articles" by the Hazard Communication Standard (OSHA Section 19CFR1910.1200) and are thus exempt from the standard and MSDS requirements.

"Article" means a manufactured item other than a fluid or particle: (i) Which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical, and does not pose a physical hazard or health risk to employees.

Use of Thin-Flex® brand Rotary Diamond Discs will not result in the release of hazardous chemicals under normal use.

Please contact Abrasive Technology, Inc. if more information on these products is needed.
