

CASTING APPLICATIONS

P.B.S.[®] BRAZE GRINDING WHEELS FOR MANUAL OPERATIONS

IDEAL FOR EASY REMOVAL OF CAST IRON:

- GATES
- RISERS
- PARTING LINES
- FLASH

P.B.S.[®] braze bond technology advantages:

- Faster stock removal
- Reduced grinding time
- Cooler running (wet & dry)
- Reduced labor costs

Machine operator advantages:

- Reduced silica dust exposure
- Reduced grinding vibration/chatter
- Lighter weight
- Lower operator fatigue

*Compatible with right angle grinders
