

# INSERT GRINDING

DIAMOND WHEELS FOR PERIPHERY  
GRINDING OF CARBIDE, CERAMIC,  
AND CERMET INSERTS.

## IDEAL FOR INDEXABLE INSERT GRINDING

- Chip-free optimal performance.
- Grinds virtually any grade of carbide without need to change wheel.
- More inserts produced per wheel dressing resulting in longer wheel life.
- Increased productivity and profitability.
- Compatible with Agathon, Wendt, Waida, Ewag.
- Custom wheels and expertise for specific grinding needs.
